ABOUT ICSSR:

Indian Council of Social Science research (ICSSR) was established in the year of 1969 by the Government of India to promote research in Social Sciences in the country. The Council undertakes the review and works for the progress of social science research and gives advice to its users; Sponsors social science research programmes and projects and administer grants to institutions and individuals for research in social sciences Co-ordinates research activities and encourages programmes for interdisciplinary research Organizers, sponsors, and finances seminars workshops and study groups, develops and supports centers for documentation services and supply of data and Undertakes publication and assists publication of journals and books in social sciences.

ABOUT THE PROGRAM:

The two weeks **CAPACITY BUILDING PROGRAMME FOR SOCIAL SCIENCES FACULTY ON "RESEARCH METHODOLOGY & DATA ANALYSIS"** to be held from 16th Aug to 30th August 2018 at Akkamahadevi Women's University, Vijayapura is designed to impart knowledge on Research Methodology in the context of qualitative and quantitative research along-with training in advanced statistical packages (including SPSS/STATA,SEM) across the various fields of Social Sciences/ Humanities.

OBJECTIVES OF THE PROGRAM:

The program predominantly follows the Research Methodology Syllabus designed by the ICSSR which include extensive understanding of both qualitative and quantitative methods. However, it also aims at incorporating certain important features in order to cater to the growing needs of the young research scholars. Some of those features are

- Qualitative and Quantitative research, epistemology, the science of research.
- Developing understanding to write for publishing papers in refereed journals and checking for plagiarism.
- Data Processing and analysis – techniques – how to read the data and how to interpret the data etc.
- To provide conceptual knowledge of various univariate and multivariate techniques, and demonstrate the applications of the above mentioned techniques, through hands-on sessions with valid data sets, using

SPSS SOFTWARE.

- To introduce the basic concepts related to SEM.
- To illustrate the basic applications of SEM using the AMOS software using hands on lab sessions with valid data sets.

This program is a capacity building programme especially for research scholars belonging to the marginalized sections. We therefore, propose to provide 70% of the seats for the applicants belonging to the SC/ST/Muslim categories and women.
